

What Others Have Said About The Book, THIS WAS YOUR LIFE!

"This message jolted me with a dramatic glimpse of eternity. It has shaped my life and rescued me from misspent years."

— John Dawson, Author, Pres., YWAM

"The impact of *This Was Your Life* continues to astound me. I am a different person than I was a year ago." — Robbie Newsome

"I read about half of the book and I wept and I wept and I wept. It has really washed over my soul. That book actually revolutionized my life. I don't know how many copies I've given away."

— Thelma Wells, Women of Faith Conference Speaker

"This message was what my soul needed now—not only to be better prepared to meet my Savior, but to be motivated in a greater, more solid way, to work for Him." — Loren Cunningham, Past Pres., YWAM

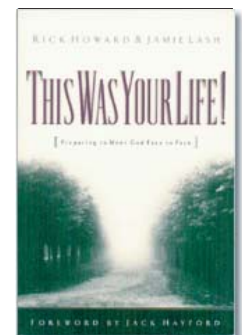

"Absolutely the most life-changing teaching I have ever heard."
— Rick Fry

"Every follower of Christ should read this book. I wish I had this guide much earlier in my Christian walk. I would not have wasted so many years seeking man's approval and praise. The authors guide the reader to an uplifting knowledge of how to truly follow Christ. The book is filled with practical instruction on how to change. I have already given away ten copies to friends. After reading it, several have said, 'This is exactly what I have been looking for!'" — Mike Cummins

Jamie Lash

"I believe that after THE GOSPEL, this is THE most important truth that anyone can ever hear. If believers really embrace this, their lives will never be the same. Since I read 'This Was Your Life!' in 1999, there is not a day that I do not think about living for THAT DAY instead of just TODAY. I have now bought over 400 copies of the book and about 20 copies of the video series! There is just no way to measure the far-reaching impact this book will have." — Penny Dyer

"The skilled approach taken by Rick Howard and Jamie Lash to this awe-inspiring theme is peculiar in this respect: It is both entertaining and frightening. If 'entertaining' seems glib, know that it is only in the sense that it is highly engrossing. If 'frightening' seems undesirable, know it is only in the sense that one is led to a new awareness of our ultimate accountability for our life.

It may strike some as a superficial generalization to say that every Christian should hear this message, but it seems in today's mental and moral environment that it would merit such priority consideration. This message is a sobering summons to our souls - a sensitively discussed but starkly honest presentation which will enrich the viewer. We need the weight of such teaching to balance the truths of our expectations of God's blessings with the truth of God's expectations of us. Here is ballast for the soul - a blessing in both smooth and stormy times."
